**HIKING FIELD LEADER
CERTIFICATE**

Presented by
Outdoor Council of Canada

This course is ideal for anyone 16 years of age and older who is leading outdoor activities for any age group or wants to develop their personal outdoor skills: **teachers, youth group leaders, scout/guide leaders, camp staff/volunteers, or avid outdoors people.**

Includes room and board from Saturday afternoon 4:00pm to Monday afternoon at 5:00 pm as well as **Certification as an Outdoor Council of Canada Hiking Field Leader** (this certificate is nationally recognized, life long, and qualifies you for additional OCC leadership modules).

“Outdoor Council of Canada:

Field Leader courses are designed for entry level leaders. As such, beginner leaders are restricted to low risk terrain and must operate under the supervision of other, more experienced, outdoor practitioners. Most Field Leader courses and modules cover leadership considerations. Outdoor practitioners are encouraged to pursue additional technical training relevant to specific activities.

Field Leader (Hiking):

This course offers a systematic approach to planning and managing a hiking activity for one day. Students will be required to read a 60 page manual and complete attached quizzes before attending the course. Course length is 16 hours. Graduates of the FL (Hiking) course are qualified to lead one day trips into class 1 hiking terrain as defined in the Outdoor Council of Canada's Matrix. This course is facilitated by licensed instructors.”
